

AE5 I: Automotive Engine Performance Technician TCC (replaces AEG I: Automotive Engine Performance Technician in the Quarter System)

The Automotive Engine Performance Technician certificate program introduces students to the knowledge and skills they will need as entry-level automotive engine performance technicians. Topics covered include shop safety; electrical/electronics diagnosis; and diagnosis and service of fuel, ignition, emission, and electronic engine controls.

Career Opportunities

Graduates may find employment as automotive tune up technician apprentices, technician's helpers, general tune up service technicians, and vehicle maintenance technicians.

Credit Required for Completion: Minimum of 16 credit hours
