

PT2I: Phlebotomy Technician TCC (replaces PYP I: Phlebotomy Technician in the Quarter System)

The Phlebotomy Technician certificate program educates students to collect blood and process blood and body fluids. Phlebotomy technicians typically work in concert with clinical laboratory personnel and other healthcare providers in hospitals or other healthcare facilities. Topics covered include human anatomy, anatomical terminology, venipuncture, and clinical practice.

Career Opportunities

Graduates may find employment as phlebotomy technicians in various medical facilities or related areas.

Credit Required for Completion: Minimum of 24 credit hours
