

WGTC 2.5

Naming of Buildings

The naming of buildings, facilities, grounds, and organizational units of technical colleges for individuals or groups who have made significant contributions to society is an honored tradition of higher education. The prerogative and privilege of such namings on the campuses of the Technical College System of Georgia are vested in the State Board.

This policy applies to all buildings of the colleges governed by the State Board. It also applies to other facilities, grounds, and organizational units that the college wishes to dedicate in the name of an individual or group. Buildings named for their general purpose or functions are not subject to this policy.
