

LaGrange College and West Georgia Technical College
TRANSFER ARTICULATION AGREEMENT

Introduction

This agreement formally recognizes that LaGrange College (LGC) and West Georgia Technical College (WGTC) are active educational partners in providing educational opportunities for currently enrolled and potential students of both institutions. Agreement to this partnership requires a commitment by both institutions to serve and facilitate a student's ability to transfer into a degree without jeopardizing the intended mission and stated goals of either institution.

Agreement on Communication

WGTC and LGC agree to cooperate in communicating with each other concerning the articulation relationship between the two institutions. Communications may include common publications and announcements concerning their affiliation. Announcements of this articulation or of changes in the relationship will have a coordinated release to the public from both institutions. The institutions will encourage the dissemination of information about programs in this agreement with interested and qualified students, with both institutions providing advising and counseling to prospective students.

Agreement on Articulated Courses

Any WGTC student who enters into the transfer articulation agreement with LGC by selecting a degree plan and, at the same time, completing an application for admission to LGC will be ensured that all general education and nursing courses listed in Appendix A earned at WGTC will transfer to LGC. A minimum grade of C or above will be required for any courses designated for transfer of course credit into the LGC Nursing program.

Agreement on Maintenance and Review

At least one administrative or faculty member will be appointed from each participating college/university to act as a primary point of contact and agent for this agreement, to speak for the institution, and to communicate details and modifications to respective faculty, advisors, and others with interest at the individual institutions.

This agreement will be in effect for three years from the date of administrative endorsement. Transfer plans will be reviewed annually and appropriate content changes made during that review, as needed. The agreement will be renewed automatically unless one of the parties expresses, in writing, its desire to terminate the agreement, giving six months' notification, effective the last day of the following semester/quarter.
