

## Dental Hygiene Program Goals

1. Accreditation – ensure that WGTC develops and sustains a curriculum and teaching methods designed to maintain full program accreditation from the American Dental Association Commission on Dental Accreditation with a focus on comprehensively preparing competent individuals in the dental hygiene discipline.
2. Develop classroom and clinical activities that will ensure student, faculty, and patient safety and privacy standards.
3. Modernize dental clinic with new equipment to meet industry standards.
4. Increase distance learning through more web-enhanced dental hygiene didactic courses
