**Pre-Requisite Required:**

**Statement:** I understand that the course I am asking to take has a pre-requisite course that is not contained within my program. There are two options currently available to me.

**Option 1:** I have registered for the pre-requisite course. I understand that it is not within my program and that completion of my program will be lengthened as a result of taking the pre-requisite first. I also understand that financial aid funding, if applicable, will be applied to the cost of taking the additional course.

**Option 2:** I have chosen to take the class required in my program without first completing the pre-requisite course. I understand that by doing so, I may encounter unfamiliar material and will need to study the material taught in the pre-requisite on my own. I am taking this class at my own risk and assume full responsibility for my grade in the class.

**I attest that I understand my options (initial)**

**I have chosen Option (indicate 1 or 2)**
