West Georgia Technical College Dental Hygiene Program
Consent/Authorization for Treatment

- I understand this program is a training program and that my treatment will be rendered by a student clinician under supervision of qualified licensed faculty.
- I understand that because my treatment is rendered by a student, the treatment may involve 2-3 hours in the clinic and may also involve several appointments to complete my treatment.
- I understand that the dental clinic and laboratories at West Georgia Technical College are used for teaching and training students. By agreeing to receive care in this clinic, I understand that this is a learning environment. I accept that treatment may take longer than in a private dental office. I agree to release West Georgia Technical College, its students, faculty, staff, and representatives from responsibility for any injury or complications that may occur during my treatment, except where required by law. I also understand that the college reserves the right to refuse or stop treatment if my behavior interferes with the safety, learning, or training of students.
- Permission is hereby given for treatment documented in my treatment plan. Treatment by my student clinician and faculty member may include but may not be limited to x-rays, impressions of my mouth for study models, photographs, recordings, preventive chemotherapeutic agents, sealants, prescriptions and/or non-prescription medication, etc. I understand that these records may be used for diagnostic and educational purposes.
- For such treatment I agree to pay the charges set by the clinic.
- All radiographs are the sole property of West Georgia technical College. I understand the records cannot be removed from the clinic. If I am referred to or elect to seek treatment by a private dentist or other institution, any pertinent radiographs will be emailed at the patients request without account charges.
- I understand that the purpose of the initial examination is to determine whether my dental needs are consistent with the educational programs of West Georgia Technical College. If they are not, or if West Georgia Technical College does not have the capacity to meet my needs, I understand that I may be advised to seek dental care elsewhere.
- I understand that this program renders preventive dental hygiene services only, and does not render any restorative (restorations, crowns, bridges, dentures), surgical (extractions, biopsies), nor provisional (temporary restorations, pain relief, infection treatment, root canals, orthodontic) treatment. For comprehensive dental care, you MUST follow-up with a visit to your dentist for a complete exam.
- I understand that during my treatment defective filling may be dislodged or crowns may become loose. I understand that this can be, but is a rare, complication of a dental hygiene care and I assume full responsibility for repair, cementation, or restoration replacement by my family dental practitioner.
- I understand that I may be referred to licensed practitioners for further treatment and I assume full responsibility to seek and have further treatment rendered.
- I understand that because this is an educational faculty, I will not be able to have a dental cleaning at the recommended re-care interval and should visit my dental office routinely.

I have read and understand all the above statements.

Consent Form
West Georgia Technical College Dental Hygiene Program

Welcome! Our goal is to assist you in eliminating and preventing oral disease so that you may keep your natural teeth healthy. It is our desire to provide considerate, respectful, and confidential dental hygiene care.

Since our goal is comprehensive dental hygiene care and the student is responsible for providing complete services, your participation in his/her learning experience is essential. It is important for you to understand that this is an educational setting that the student's grade depends on your full cooperation. If for some reason you will not be able to keep an appointment, **please call the clinic 48 hours in advance** so that the student can make plans to see another patient during that time.

Your first visit will involve a thorough examination, which will include the following procedures:

1. A medical history to determine general health and any specific conditions altering the process of your treatment.
2. A comprehensive oral examination to detect the possible presence of abnormal tissues.
3. A preliminary report of your oral health status, recommended treatment, treatment alternatives, option to refuse treatment, risk of no treatment, and expected outcomes.
4. A dental hygiene treatment plan to inform you of treatment process and number of appointments necessary.
5. X-rays if indicated.
6. Oral health instructions, which will continue at all subsequent visits.
7. Referral to a dentist or physician for evaluation of noted conditions.
8. Because this is a learning institution, radiographs and chart information may be used for educational purposes.

Most patients require **more than one visit** for the completion of services. We strive to keep the number of appointments required to a minimum, as we realize that your time is valuable. Please be prompt so that we can serve you and others without necessary delay. Occasionally unforeseen situations arise and will cause us to run behind schedule. However, every effort will be made to keep you from waiting any longer that is absolutely necessary.

We thank you for making your appointment with us and look forward to serving you!

I have read and understand all the above statements.

Patient Rights and Responsibilities
West Georgia Technical College Dental Hygiene Program

Patients can expect:

1. Considerate, respectful and confidential treatment with the right to approve or refuse the release of their medical/dental records to any individual outside of the dental hygiene clinic facility.
2. Access to complete and current information about his/her condition and the rights to participate in the planning of their dental hygiene care.
3. Advanced notice of the cost of their treatment.
4. Advanced knowledge of the services that can be rendered in the Dental Hygiene Clinic.
5. Compliance with the infection control guidelines recommended by the Centers for Disease Control and Occupational Safety and Health Administration.
6. An explanation of recommended treatment, alternative treatment, the option to refuse treatment and the risk of no treatment.
7. Treatment that meets the standard of preventative care in the profession.
8. Referral information to take to a dentist for comprehensive dental care.
9. Continuity and completeness of care.

Patients are expected:

1. Cooperate as partners in their care by asking for information and clarification and to participate in goal setting and planning of treatment.
2. Comply with recommended or agree upon therapies or actions of care.
3. Accommodate student learning needs by returning for further appointments, if required.
4. Attempt to keep scheduled appointment, so that student learning and patient care may proceed.
5. Recognize that care received by dental hygiene students under the supervision of qualified faculty is dental hygiene care. Any restorative or emergency dental care will require expertise of a licensed dentist in your community.

Dental Hygiene Clinic Information

1. Patients are seen by appointment only.
2. Patients may call for an appointment at **(770) 947-7210.**
3. All clinic procedures are provided by dental hygiene students under the direct supervision of licensed dental hygiene faculty of the Department of Dental Hygiene. The patient must see a dentist for anything other than dental hygiene care.
4. Payment for treatment is made before treatment is rendered. Payment method accepted: cash, credit/debit and apple pay.
5. The dental hygiene clinic **does not** accept insurance.
6. Patients need to be present and on time for **all** appointments, as well as stay the full length of the appointment. Depending on patient's oral status, multiple appointments may be required for completion.
7. Patient must provide **48-hour cancellation notice**, after 3 broken appointments, the patient will not be able to schedule another appointment until six months from the last broken appointment day.
8. No unaccompanied children are allowed in the waiting area; only children with an appointment are allowed in the treatment area.

I also agree to make payment for service in accordance with my treatment.

Having read the above, I verify that I understand information contained there-in, and I grant authority of West Georgia technical College Dental Hygiene Clinic to perform treatment procedures deemed necessary for me.

NOTICE OF PRIVACY PRACTICES

THIS NOTICE DESCRIBES HOW PROTECTED MEDICAL AND DENTAL INFORMATION ABOUT YOU MAY BE USED, AND DISCLOSED AND HOW YOU CAN GAIN ACCESS TO THIS INFORMATION. PLEASE REVIEW THESE POLICIES CAREFULLY.

1. This program is required by law to maintain the privacy of protected health information and to provide Patients/guardians with notice of its legal duties and Privacy practices with respect to protect health information.
2. This program is a student-oriented training program. The program does not submit information for insurance payment purposes. Payment is fee-for service only.
3. Since this program is a training program to educate future Dental Hygienist, your information may be used as educational material to benefit other students who have not directly participated in your direct care. If your protected health information is used, all reasonable efforts will be made to conceal your identity, including photographs. If your protected health information may reveal your identity, all reasonable efforts will be made to obtain your written consent to use such information.
4. The program may at times find it necessary to release all or portions of your protected health information to other healthcare workers without the Patient's/Guardian's written authorization. Examples of this release of information would include referrals to dentists for work to be performed, submissions of copies of x-rays made in our facility, physicians requests, or when required by law, or enforcement officials. Other uses and disclosures will be made only with the patient's written authorization, and the patient may revoke authorization at any time.
5. The program may disclose protected health information to appropriate authorities if we reasonably believe that you are a possible victim of abuse, neglect, or domestic violence or other crime in order to avert a serious threat to your health or safety or the health or safety of others.
6. The program may contact the Patient/Guardian or the patient's family members to provide appointment reminders, treatment(s) to be performed, treatment alternatives or other health related benefits and services that may be of interest to the patient and premedication reminders. In the event of an emergency, the program may disclose pertinent information to responding healthcare personnel. The program will use its professional judgment in disclosing only health information that is directly relevant to your care.
7. The program will use its professional judgment and its experience with common practice to make reasonable inferences of your best interest in allowing a person to pick-up prescriptions, medical/dental supplies, x-rays or other similar forms of health information.
8. The program reserves the right to change the terms of this notice. Any changes will be provided to the Patient /Guardian by copies of the revised Notice

THE PATIENT/GUARDIAN HAS THE FOLLOWING RIGHTS REGUARDING PROTECTED HEALTH INFORMATION:

1. The right to request restrictions on certain uses and disclosers of protected heath information.
2. The right to receive confidential communications of protected health information, as applicable.
3. The right to inspect and copy protected health information, as provided in the Privacy Regulation.
4. The right to amend protected health information. The program reserves the right to refuse to amend protected health information if it determines such amendment is false or fraudulent.
5. The right to receive an accounting of disclosers of protected health information.
6. The right to obtain a paper copy of this notice upon request.
7. Patients may complain to the Program's HIPAA Privacy Officer or the Secretary of Health, and human Services without fear of retaliation by the program if they believe their privacy rights have been violated. Direct a written copy of the facts and allegations of your complaint to the HIPAA PRIVACY OFFICIER at the address below:

HIPAA Privacy Officer♦Dept. of Dental Hygiene♦West Georgia Technical

BLOODBORNE PATHOGEN/HAZARD COMMUNICATION POLICY
