Food and Drink in Classrooms

Food and drinks are not allowed in any computer lab at West Georgia Technical College. With instructor approval, drinks may be allowed in the lecture classrooms if containers are properly disposed of and the area is left clean. Drink containers must have lids to minimize the risk of spillage. Food consumption in classrooms is strongly discouraged. Please advise students to use the break rooms and student center for consumption of food items. If facilities personnel have to consistently clean rooms because of spilled drinks and left behind food, they may recommend to the Vice President for Administrative Services that food and drink be disallowed in those areas of concern.
