

Air Conditioning Technology Diploma (ACT2) – 51 Credit Hours FALL START

Program Description:

The Air Conditioning Technology diploma program is a sequence of courses that prepares students for careers in the air conditioning industry. Learning opportunities develop academic, occupational, and professional knowledge and skills required for job acquisition, retention, and advancement. The program emphasizes a combination of air conditioning theory and practical application necessary for successful employment.

Students starting the diploma in the Summer will take General Education courses only. All certificate options are only available during the Fall and Spring semesters. If you miss or fail to complete a course, you will wait until the course is offered again.
