WEST GEORGIA TECHNICAL COLLEGE

Competitive Selection Frequently Asked Questions

How is My Competitive GPA Calculated?

Your Prequisite GPA is 60% and your Overall GPA is 40% of the Competitive GPA.

Don't worry Advising has a calculator to make it easier for you to calculate!

How is My Prerequisite GPA Calculated?

Your Prerequisite GPA is calculated by averaging your Prerequisite GPA courses together (see the checklist).

If you have attempted a Prerequisite GPA course more than once, your first 2 attempts will be averaged together.

How is My Overall GPA Calculated?

Your Overall GPA is calculated with every course you've taken at WGTC and at any college or university you have attended.

If you've only attended WGTC, you can see your Overall GPA in Degree Works in Knighthawk Navigator.

Have My Courses Expired?

Science and Allied Health courses must be current within 7 years of the program start date, meaning if you took a course in Summer 2020, it will be expired by Fall 2027.

This includes BIOL, CHEM, PHYS, and ALHS courses.

What courses do I still need?

You can see what courses you've taken in Degree Works in Knighthawk Navigator, and check them off on the program checklist.

Sometimes Degree Works shows courses you don't need to take, so always refer to the program checklist.

Where are my transfer credits?

You should be able to view your transfer credits in Degree Works in Knighthawk Navigator.

If you don't see them, double check that your transcript was received. If it was received, contact the Registrar's Office to evaluate your transcript.

Should I Retake Any Courses?

If your Science and/or Allied Health courses have expired, you must retake them.

If you'd like to retake a Prerequisite GPA course to try and get a better grade, meet with Advising first. We recommend no more than two attempts per course.

What If I Still Have Questions?

Please contact Advising if you have any more questions.

Meet with an Advisor during our walk-in hours or email advising@westgatech.edu
