

## Electrical Lineworker with Pintle Hook Restriction (EL21)- 13 Credit Hours

### Program Description:

The Electrical Lineworker with Pintle Hook Restriction certificate program equips students with the knowledge and skills needed to secure entry-level positions in the electrical utility industry. Through hands-on simulations, observation-based instruction, and a comprehensive curriculum, students gain expertise in lineworker organization principles, electrical safety, and basic electric fundamentals. The program emphasizes the development of problem-solving, work ethics, and communication skills, preparing graduates for success in their careers. Upon completion, students meet the requirements to test for their Class A license with Pintle Hook Restriction, opening doors to employment opportunities with public and private utility companies. With an estimated annual salary of \$62,270, this program offers a pathway to a rewarding and financially stable career in a critical industry. Enroll now and embark on a transformative educational journey that will set you on the path to success in the electrical utility field.
