

Engineering Technology Degree (ET33)- 69 Credit Hours Industrial Specialization

Program Description:

The Engineering Technology associate degree program is intended to provide the opportunity for students to explore a career in engineering at the professional level. Program graduates will be qualified as engineering technicians with a specialization in mechanical engineering technology, electrical engineering technology, or industrial engineering technology. Graduates may seek employment as entry-level engineering technicians in a variety of industrial or manufacturing fields. Starting salaries are estimated to start at \$40,710 (BLS.gov May 2022).
