

Environmental Technician

Overview:

Integrated Environmental Service, Inc. is seeking motivated Environmental Technicians to perform both in-house and field operations. This role reports to the Operations Manager and supports safety, quality, and operational goals.

Key Responsibilities:

- Manage hazardous waste, including handling, inventory, recordkeeping, transportation, remediation, and disposal
- Perform warehouse and recycling operations
- Work in chemical exclusion zones using Level B and C PPE
- Sample, treat, repackage, and transport materials, including compressed gas cylinders
- Follow technical procedures related to chemical processing and equipment operation

Qualifications:

- Self-motivated with the ability to work independently
- Strong interpersonal and teamwork skills
- Professional demeanor and adaptability
- Quick learner with strong mechanical aptitude

Minimum Requirements:

- U.S. Citizen
- Valid driver's license with clean record
- High school diploma or equivalent
- Basic computer skills (Excel, Word)
- Ability to wear protective equipment for extended periods
- 40-Hour HAZWOPER certification preferred

Additional Requirements:

- Willingness to travel (domestic and international)
- Ability to perform physically demanding work in various environments
- Capable of operating light to medium equipment
- Availability for occasional nights and weekends
- Must pass drug screening, background check, and physical exam

Job Type: Full-time

Pay: \$18.00/hour
