through Strategic Policy &
Prevention Grant

Healthy Campus Taskforce

REACT

What is a bystander?

A person present but not involved; a spectator or onlooker

Bystander Intervention - when someone interrupts a potentially harmful situation

- What are some examples of situations in which bystanders intervene?
- Why might it be important to intervene?
- What are some reasons why people don't intervene? How can we overcome those barriers?
- What are some reasons why people do intervene?
- What are the potential consequences of not intervening?

**Discuss examples of
safe ways to
intervene:**

Direct, Distract or
Delegate

**Use examples of
cases:**

Vanderbilt, Stanford,
Katie Koestner
