

## Registered Nursing- Associate Degree in Nursing (NU43)

### Program Description:

The Registered Nursing (RN) associate degree program is designed to provide nursing courses that when successfully completed award graduates an Associate Degree in Nursing (ADN). Graduates are then eligible to apply to take the National Council Licensure Examination for Registered Nurses (NCLEX-RN). Upon successful completion of the NCLEX-RN and licensure by the Georgia Board of Nursing, graduates are employable as registered nurses. Graduates may find opportunities in a wide variety of settings, including, but not limited to, acute care in hospitals and long-term care facilities, outpatient clinics, physicians' offices, home health care agencies, private or governmental industries, schools, and hospice programs.
